Connections

gabopress H+S (Press Connections for PB Pipes)	74
Sanitary Connection Units	78
Radiator Connections	80
gabopress H+S (Press Connections for MV Pipes)	82
gaboflex (Clamp Connections)	92

gabopress Press Connections for PB Pipes:

Press fittings in numerous designs are available for gabotherm® polybutene pipes of dimensions 12 to 32 mm.

This includes T-pieces, couplings, reducers, elbows or end caps for the above-mentioned pipe dimensions.

All fittings can be pressed using a standard pressing tool and a pressing jaw with TH-contour.

The fittings of dimensions 15–32 mm are suitable for heating and sanitary installations. The dezincification-resistant fitting material as well as the seals both fulfil the requirements of the new German drinking water ordinance and the DVGW requirements according to W 534.

Sanitary Connection Units for Pressing or Clamping:

Mounting units for under-plaster or above-plaster mounting as well as for dry constructed walls were developed especially for sanitary installations.

The new valve support can be used both for above-plaster as well as for under-plaster mounting and can be combined with various connection elbows or boxes.

Radiator Connections for Pressing:

Press-T-pieces with an already soldered-on, nickel-plated copper pipe of different lengths (300, 500 and 1100 mm) for the different pipe dimensions are available for radiator connections from the floor or the wall.

A junction-free connection is possible using the press-junction-fitting (with insulation box) and the press coupling connection in different lengths.

Wall connections with ½" internal thread can be realised using the connection box for PB pipe 18 x 2.0 mm.

Attention:

When using PE-Xc and PE-RT pipes, at least two bends of 90° with a centre-to-centre distance of 250 mm must be installed before each distributor connection and each radiator connection in both the inlet and the return flow.

For the remaining pipe sections, the longitudinal expansion must be taken into account.

gabopress Pressing Connections for MV pipes:

Press fittings in various designs are available for gabotherm® metal compound pipes (MV pipes) of dimensions 14 to 63 mm.

All fittings are suitable for heating and sanitary installations. The dezincification-resistant fitting material as well as the seals both fulfil the requirements of the new German drinking water ordinance and the DVGW requirements according to W 534.

All fittings can be pressed using a standard pressing tool and a pressing jaw with TH-contour.

gaboflex Clamping Connections:

Screw fittings for:

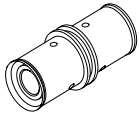

- ⇒ PB pipe dimensions 14–20 mm (12 x 1.3 mm for heating only)
- ⇒ PE-Xc pipe dimensions 16 x 2.2 mm and 20 x 2.8 mm
- ⇒ PE-RT pipe dimensions 14 x 2.0 mm

Coupling adapters with ¾" euro-cone (e.g. for distributor connections), couplings with a transition to metal thread (½" external thread) and main bodies such as elbows and T-pieces with ¾" euro-cone for accommodating coupling adapters of different dimensions are available.

	63 x 2" external thread *	on request	

* item only available per order with delivery period

Press Transition Coupling, with Internal Thread

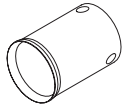

from gabotherm® MV-pipe to metal thread;

Code	Type	Unit	Item ID
GT-M-PUKI	26 3/4" internal thread	5 pieces	00464
	32 1" internal thread	5 pieces	00465

Spare Press Sleeve

made from stainless steel for MV press fittings;

Code	Type	Unit	Item ID
GT-M-PH	14	10 pieces	00731
	15	5 pieces	00426
	16	10 pieces	00732
	18	10 pieces	00427
	20	10 pieces	00734
	26	5 pieces	00428
	32	5 pieces	00429
	40	5 pieces	00735
	50	5 pieces	00736
	63 *		on request

* item only available per order with delivery period

O-Rings

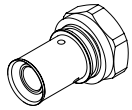

Code	Type	Unit	Item ID
GT-M-OR	14	100 pieces	00737
	16	100 pieces	00738
	18	100 pieces	00740
	20	100 pieces	00741
	26	100 pieces	00742
	32	100 pieces	00743
	40	50 pieces	00744
	50	50 pieces	00745
	63 *		on request

* item only available per order with delivery period

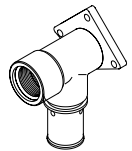

Press Screw Connection

with euro-cone 3/4", nickel-plated

Code	Type	Unit	Item ID
GT-M-PKA	14	10 pieces	00805
	16	10 pieces	00746
	18	10 pieces	00747
	20	10 pieces	00748

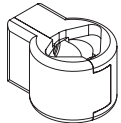

Press Wall Elbow Short

Code	Type	Unit	Item ID
GT-M-PWW	14 1/2" internal thread	10 pieces	00679
	16 1/2" internal thread	10 pieces	00530
	18 1/2" internal thread	10 pieces	00749
	20 1/2" internal thread	10 pieces	00750
	20 3/4" internal thread	10 pieces	00751

Sound Insulation Element

for wall elbow short

Code	Type	Unit	Item ID
GT-M-SEW	1/2"	10 pieces	00752
	3/4"	10 pieces	00753

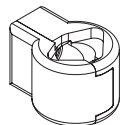

Double Press Wall Elbow Short

Code	Type	Unit	Item ID
GT-M-PWWD	16 1/2" internal thread	10 pieces	00756
	18 1/2" internal thread	10 pieces	00755

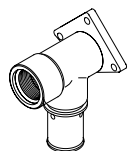

Sound Insulation Element

for double wall elbow

Code	Type	Unit	Item ID
GT-M-SEWD		10 pieces	00760

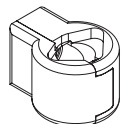

Press Wall Elbow Long

Code	Type	Unit	Item ID
GT-M-PWWL	14 1/2" internal thread	10 pieces	00757
	16 1/2" internal thread	10 pieces	00758
	18 1/2" internal thread	10 pieces	00759

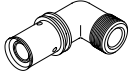

Sound Insulation Element

for wall elbow long

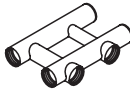

Code	Type	Unit	Item ID
GT-M-SEWL		10 pieces	00761

Transition Elbow with External Thread

Code	Type	Unit	Item ID
GT-M-PAWR	14 ½" external thread	10 pieces	00762
	16 ½" external thread	10 pieces	00763
	18 ½" external thread	10 pieces	00764
	20 ¾" external thread	10 pieces	00765

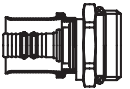

Junction-Free T-Piece Unmounted

Code	Type	Unit	Item ID
GT-M-KF	½"	1 piece	00766

Threaded Part

for junction-free T-piece ½"

Code	Type	Unit	Item ID
GT-M-ET	14 ½"	10 pieces	00767
	16 ½"	10 pieces	00768
	18 ½"	10 pieces	00769
	20 ½"	10 pieces	00770

Insulation Box

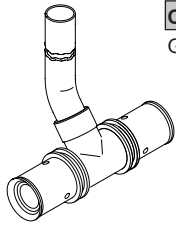

for junction-free T-piece ½"

Code	Type	Unit	Item ID
GT-M-DBKF	½"	1 piece	00771

Radiator Connection T-Piece

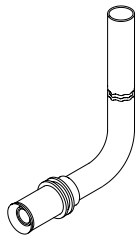

with soldered-on semi-rigid Cu-pipe d 15, nickel-plated, l = 300 or 1100 mm

Code	Type	Unit	Item ID
GT-M PTCU	14 / 300 mm	2 pieces	00772
	16 / 300 mm	2 pieces	00773
	17 / 300 mm	2 pieces	00774
	18 / 300 mm	2 pieces	00775
	20 / 300 mm	2 pieces	00776
	14 / 1100 mm	2 pieces	00778
	16 / 1100 mm	2 pieces	00779

	18 / 1100 mm	2 pieces	00781
	20 / 1100 mm	2 pieces	00782

Radiator Connection Elbow

with soldered-on semi-rigid Cu-pipe d 15, nickel-plated, l = 300 or 1100 mm

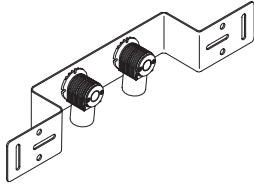

Code	Type	Unit	Item ID
GT-M-PLCU	14 / 300 mm	2 pieces	00783
	16 / 300 mm	2 pieces	00784
	17 / 300 mm	2 pieces	00785
	18 / 300 mm	2 pieces	00786
	20 / 300 mm	2 pieces	00787
	14 / 1100 mm	2 pieces	00788
	16 / 1100 mm	2 pieces	00789
	17 / 1100 mm	2 pieces	00790
	18 / 1100 mm	2 pieces	00791
	20 / 1100 mm	2 pieces	00792

Connection Units (Clamping) for Sanitary Installations

Connection Unit Double

for PB Pipes 14 x 2,0 – 20 x 2,0 or PE-Xc Pipes 16 x 2,2 and 20 x 2,8

suitable for all connections with fittings and devices with ½" thread connection, connection using euro-cone and coupling adapter GT-KA (to be ordered separately); fastening spacing 80 or 150 mm; suitable for above and under-plaster mounting, consisting of: valve support, 2 pieces plaster boxes with wall elbows and screws

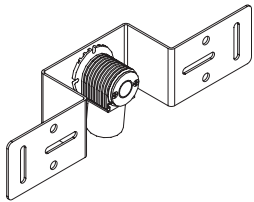

Code	Unit	Item ID
GT-AE 2-AT	1 unit	09072

Connection Unit Single

for PB Pipes 14 x 2,0 – 20 x 2,0 or PE-Xc Pipes 16 x 2,2 and 20 x 2,8

suitable for all connections of fittings and devices with ½" thread connection, connection using euro-cone and coupling adapter GT-KA (to be ordered separately); fastening spacing 80 or 150 mm; suitable for above and under-plaster mounting, consisting of: valve support single, 1 piece plaster box with wall elbow and screws

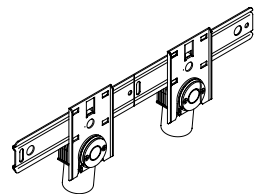

Code	Unit	Item ID
GT-AE 1-AT	1 unit	09073

Please order coupling adapter separately.

Variable Mounting Unit

for PB Pipes 14 x 2,0 – 20 x 2,0 or PE-Xc Pipes 16 x 2,2 and 20 x 2,8

consisting of: connecting strip with variable centre-to-centre distance 80–200 mm, 2 pieces plaster boxes with wall elbows and screws

Code	Unit	Item ID
GFL-AE2-V	1 piece	09340

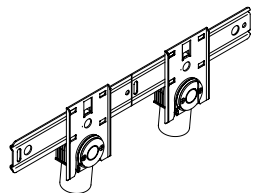

Please order coupling adapter separately.

Attention: discontinued item, available only as long as stock lasts.

Mounting Unit with Double Box

for PB Pipes 14 x 2,0 – 20 x 2,0 or PE-Xc Pipes 16 x 2,2 and 20 x 2,8

consisting of: connecting strip with variable centre-to-centre distance 80–200 mm, pieces plaster boxes with double wall elbows

Code	Unit	Item ID
GFL-DD	1 piece	05724

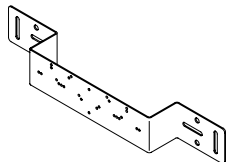

Please order coupling adapter separately.

Attention: discontinued item, available only as long as stock lasts.

Fittings and Accessories for Sanitary Installations:

Valve Support

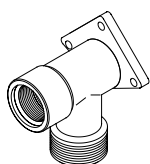

for fastening the press wall elbows (GT-PWW 15/16/18) with a centre-to-centre distance of 80 or 150 mm, for above and under-plaster mounting. Incl. suitable fastening screws, dowels and self-tapping screws for fastening the boxes and elbows.

Code	Type	Unit	Item ID
GT-AT E	1 connection	1 piece	00496
GT-AT	2 connections	1 piece	00405

Wall Elbow

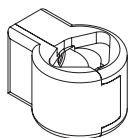

made from brass, with 1/2" internal thread, with 3/4" euro-cone receptor
(can be combined with gabootherm® pipes using coupling adapter)

Code	Type	Unit	Item ID
GFL-WWKA	1/2" internal thread, 3/4" euro-cone	1 piece	02264

Insulation box with Rubber Pad

for wall elbows (GT-WWKA) in connection with valve support (GT-AT) for impact sound insulation. Impact sound insulation, incl. screws.

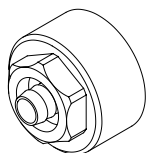

Code	Unit	Item ID
GT-DBW	1 piece	00473

Other Fittings:

Coupling Adapter

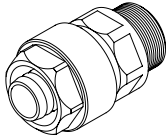

made from brass, with 3/4" euro-cone, consisting of main body with O-ring, clamping ring and cap nut (nickel-plated or not nickel-plated), for connecting gabootherm® pipes e.g. to the distributor station.

Code	Type	Unit	Item ID
GT-KA	12 x 1.3 nickel-plated	20 pieces	12655
	14 x 2.0 nickel-plated	20 pieces	07726
	15 x 1.5 not nickel-plated	20 pieces	12656
	16 x 2.0 not nickel-plated	20 pieces	07725
	17 x 2.0 not nickel-plated	20 pieces	07729
	18 x 2.0 not nickel-plated	20 pieces	07730
	20 x 2.0 not nickel-plated	20 pieces	07728
GFL-KA	16 x 2.2 not nickel-plated	10 pieces	05509
	20 x 2.8 not nickel-plated	10 pieces	05535

Coupling with External Thread

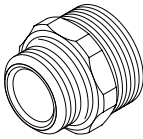

made from brass, with 1/2" external thread (SD = tested self-sealing).

Code	Type	Unit	Item ID
GT-K	12 x 1.3 SD 1/2"	20 pieces	12733
	14 x 2.0 SD 1/2"	20 pieces	07440
	15 x 1.5 SD 1/2"	20 pieces	00404
	16 x 2.0 SD 1/2"	20 pieces	07444
	17 x 2.0 SD 1/2"	20 pieces	07616
GTF-K	18 x 2.0 SD 1/2"	20 pieces	03498
	20 x 2.0 SD 1/2"	20 pieces	09945
GFL-UK	16 x 2.2 1/2"	10 pieces	08310
	20 x 2.8 1/2"	10 pieces	08311
	20 x 2.8 3/4"	10 pieces	08312

Transition Reducer

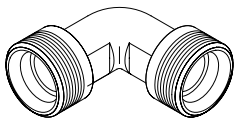

made from brass, with 1/2" external thread, with 3/4" euro-cone receptor.

Code	Type	Unit	Item ID
GFL-UKAR	1/2"	10 pieces	01709

Elbow Coupling

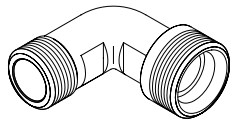

made from brass, with 3/4" euro-cone receptor.

Code	Type	Unit	Item ID
GFL-WKA 16/20	3/4" euro-cone	1 piece	02204

Elbow Coupling, Reduced

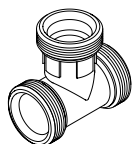

made from brass, with 1/2" external thread, with 3/4" euro-cone receptor.

Code	Type	Unit	Item ID
GFL-WKAR	1/2" external thread, 3/4" euro-cone	1 piece	02265

T- Piece

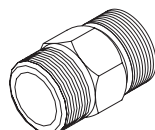

made from gunmetal, with 3/4" euro-cone receptor.

Code	Type	Unit	Item ID
GFL-TKA	3/4"	10 pieces	07911

Nipple with Euro-Cone

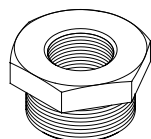

made from brass, tested by DVGW

Code	Type	Unit	Item ID
GT-NEK	3/4"	10 pieces	00807

Reducing Piece

made from brass.

Code	Type	Unit	Item ID
GFL-RN	3/4" external thread - 1/2" internal thread	10 pieces	08193
	1" external thread - 3/4" internal thread	10 pieces	08194
